- I used HTML5, CSS3, JavaScript, Python and Flask.
- improved customer response time by 50% and reduced support ticket volume by 40%.
- Conducted user testing sessions and got approved by the website.

Strengths

Eager to learn new skills

As a person who is starting out, I am constantly seeking for new ways to grow and expand my skill set.

Not afraid of failure

Strong believer in the mantra that we learn from our mistakes.

Time management

I always set aside time to plan my week and distribute the workload by days so that I can simultaneously meet deadlines and maintain my well-being.
